Three More Prisoners Escape from Warwick Jail.

## HOW THEY MANAGED IT.

A Very Lively Fight in a Ship-Broker's Store—A Woman Injured—New Bank Building—Personal and Social Notes.

NEWPORT NEWS, VA., September 14. (Special.)—D. J. Stanley, James Kilgore, and Luke Wilson escaped from the Warwick county jail between 1 and 2 o'clock this morning. They made a hole in the brick wall by means of a corset steel, having first prized an iron bar out of place. They crawled through this hole into the yard, taking with them a blanket, which they placed on the top of the glass-capped wall that surrounds the jail-yard, so that the glass would not hurt them, and climbed over into the street. Their escape was soon discovered, and in a short time the sheriff and several officers were scouring the city and surrounding country for them. A diligent search was made, but they could not be found.

Stanley and Kilgore had been indicted by the grand jury—both for robbery. Wilson, who is a negro, was simply charged with trespass, and would have been released on the payment of a small fine. It is said that Kilgore has lived in Falmouth, Richmond, all his life, and he will probably make his way to that city. Several prisoners, against whom felony charges were pending, escaped from the Warwick county jail a few months ago.

Shipping agents, had a quarrel a day or two ago about a matter connected with their business. John Nichols, who is a ship runner for Mitchell, went to Oser's store yesterday afternoon, and it was but a short time before he and Oser were fighting. During the fracas Mitchell came up. He claims that he heard Mrs. Oser tell her husband to shoot Nichols, and that he picked up a brick with the intention of hitting Oser with it if he attempted to draw a weapon. He declares that, as Oser did not draw the revolver, he dropped the brick without striking any one. It was shown, however, that he not only struck Mrs. Oser with the brick, but that he also struck her with a chair. He was sent on to the grand jury, and was allowed bail in the sum of \$500.

C. S. Rhoads, superintendent of telegraph of the Big Four. A general discussion upon this subject ensued, in which a number of the delegates participated.

Rev. J. D. of Richmond, made a few brief remarks upon his ministry in Richmond, and his association with the railroad men. He said he felt that he wanted to welcome the railroad delegates, and had come from home to be with them in person, as well as spirit.

General-International-Secretary Richard C. Morse read a very able and encouraging paper on "Some Lessons From the History of the Railroad Department."

Singing, led by State-Secretary E. L. Willis, of Alabama, closed the morning session.

AFTERNOON SESSION.

In the afternoon Mr. I. E. Brown, of Illinois, entertained the conference with some statistics of contributions by the various railroads throughout the country for the advancement of the Young Men's Christian Association work.

Secretary Hicks, of the International Committee, referred to the different buildings being erected in various parts of the country and the necessity of further contribution for continuing these enterprises, with the result that a collection of nearly \$500, largely cash, was made.

Papers were read by J. M. Burwick and C. K. Sample, relative to "Personal Work Among Railroad Men."

At the evening session a stereoscopic display by L. W. Messer, of Chicago, was the chief feature of the programme. There has been a very large attendance at every session, and the greatest enthusiasm prevails.

Clifton Forge, though entertaining the largest crowd in its experience, may well feel proud of her efforts to be hospitable, if the kind and generous expressions of appreciation on the part of the visitors may be credited.

On Monday the Chesapeake and Ohio will run an excursion complimentary to the delegates to the Hot Springs and Hinton.
